3. Color the images using the Nature tones Chameleon pens
For the teddy bear use the Taupe pen and infuse the brush nib for about 6 seconds for the head and body and 3-4 seconds for the arms and legs using the toning medium and color the teddy.

Next color the bunny, again using the Taupe pen, again, for the bunny's head infuse the brush nib for about 8 seconds with the toning medium and color the head, for the ears do the same, just infuse it for about 3-4 seconds for each ear. Do the same for the belly. Repeat the same process for the feet and hands, just infuse for about 2-3 seconds.

For the shirt use the Green Apple and Dark Sage pens. Infuse the Apple Green pen for about 4-5 seconds and color every other strip going from the top down. Do the same with the Dark sage marker.
