

Materials required:

Chameleon Color Tone pen Mellow Yellow, Chameleon Color Top Tangerine, Chameleon Pencil 7 (Watermelon and Red Pepper). CAS-ual Friday Mon Ami Stamp set, CAS-ual Fridays Mon Ami Fri die, White card, Memento Tuxedo Black ink, Post-it notes and Intense Sepia watercolour pencil.

How to:-

Stamp the images onto card blank using Memento ink, tip: you can bend the sentiment to give the impression of curved stems.

Take the Mellow Yellow pen and fuse the brush nib of the pen for 5 seconds and then color from the tip of the petal down towards the base. Fuse the pen again and repeat for other petals.

To add more depth of color take the Tangerine Color Top and fuse with the brush nib of the Mellow Yellow pen for 3 seconds then color from the base of some petals towards the tip.

Add extra depth to the petals using a chameleon pencil, laying down Watermelon at the base and then Red Pepper to blend in, blend in further by going over the whole coloured petal with the Chameleon pen again. (Unfortunately at this point I smudged the ink on the stem - so to 'fix' this, I took an intense watercolour pencil and went around the outside edges of the whole design then wet to blend into the background.

I then cut masks from Post-it notes using the Mon Ami die and placed over the flowers.

I then took some sepia ink and splattered over the card to give that vintage look. Once dry I removed the post it notes and my card was complete.
