

Blossoming Birdhouse

By Leah Cornelius

Materials Used:- Chameleon Color Tones Deluxe Set, craft store ribbon and fabric flowers, clear rhinestones, Glossy Accents, Scor Tape

Instructions:-

1. Select a small plain wooden birdhouse and white ribbon and white fabric flowers. Set the birdhouse aside.

2. Using Olive Green (OL3) at full strength and the bullet nib color the white ribbon using long strokes. Set aside.

3. Select white flowers to use for decorating the bird house. Using full strength color and the brush nib, color the flowers with a flicking motion so as to allow some of the white to still show through using Sky Blue (BL3) and Bubblegum (PK3). Color a few more flowers using Olive Green (OL3) to be leaves. After coloring snip the green flower apart to create the leaves.

4. Using strong adhesive adhere the flowers and leaves and ribbon to the birdhouse. Embellish the birdhouse and flower centers with clear rhinestones.
